### Notice to players, coaches and parents

- This is a schedule of all the regular timeslots used by the club and its coaches during busy times of the week. This means that these people/groups get preference on these courts and times over all other activities - but **only** as shown here.
- All open timeslots are exclusively for social tennis by members of the club. To book these courts for a specific date and time, **please use the computer system** which can be accessed from inside or outside the club house. If no bookings exist it is "first come first serve".
- If a coach is using a court, or a timeslot, other than indicated here, a social player needing a court thus has the right to politely ask the coach and his student to leave the court. Please then also report this to the committee so the schedule can be improved.
- If you wish to ask the committee to change anything on this schedule, please contact them, otherwise you risk not having a court when needed, or being asked to leave it.
- Coaches will be billed according to this schedule, and are expected to pay in advance.
- Note that courts A & G are available for social tennis at all times throughout the week.
